**PRODUCT THEATERS**
These sessions are not a part of the official AGS 2023 Annual Meeting Education Program and do not offer CME/CE credit.

**Thursday, May 4th from 12:45 PM – 1:30 PM**
**AGITATION ASSOCIATED WITH ALZHEIMER’S DEMENTIA (AAD)**
**Clinical Presentation and Pathophysiology, Treatment Landscape, and Unmet Need**
Hosted by Otsuka/Lundbeck Medical Affairs
This presentation by Dr. Marc E. Agronin, the Chief Medical Officer of Frank C. & Lynn Scaduto MIND Institute and Behavioral Health at Miami Jewish Health in Miami, Florida will cover:

- Clinical presentation and proposed pathophysiology of agitation associated with Alzheimer’s dementia (AAD)
- Modulation of three major monoamines (norepinephrine, serotonin, and dopamine) during the disease course
- Current treatment guidelines for AAD to better understand the burdensome condition’s unmet need

Following the presentation, Dr. Agronin will engage a care partner of a patient with AAD in an interview to provide real-world insight on caring for a loved one with AAD.
This program may include the provision of a modest meal.

This program may include the provision of a modest meal. Otsuka Pharmaceutical Development & Commercialization, Inc., does not offer such a meal to health care professionals (HCPs) whose institutions prohibit such hospitality, nor does Otsuka offer a meal where federal or state laws (eg, Vermont and Minnesota) limit an HCP’s ability to accept such a meal. Accordingly, please consult your legal or ethics advisor regarding any applicable limitation before attending this program. If you are licensed to practice in a state where meals are either prohibited and/or restricted and you accept a meal, you understand that you will be required to reimburse Otsuka for the cost of this meal. Please note that Otsuka is required to report the value of a provided meal pursuant to applicable federal and/or state laws.

April 2023  US.UNB.X.23.00039

Friday, May 5th from 12:4 PM – 1:30 PM

INVASIVE PNEUMOCOCCAL DISEASE IN ADULTS: KEY SEROTYPES AND THE ROLE OF IMMUNE RESPONSE
Hosted by Merck & Co., Inc.

- Increase awareness about key serotypes in adult IPD burden
- Review data supporting an option aligned to CDC recommendations to help prevent adult IPD
- Discuss implementation strategies for clinical practice

Speaker: Javeed Siddiqui MD, MPH

EXHIBITS PROGRAM

AGS MARKETPLACE
Drop by the AGS Marketplace Booth, to find out about new services and products.

AGS Bookstore

Take a personal tour of GeriatricsCareOnline, where you can build your own library of AGS digital products based on your needs. Make the most of this valuable content, using the online interactive tools available through the site.

AGS Career Connection
AGS Career Connection is an interactive and integrated online job bank for geriatrics healthcare professionals. Whether you are looking for a job opportunity or searching for a top professional to become an important member of your team, AGS Career Connection provides a one-stop place for finding the perfect match. Stop by and post your resume or job position!

AGS CoCare®
AGS CoCare® is a suite of programs helping embed geriatrics expertise in broader care for older adults. Our programs provide institutions with a variety of resources to help support the implementation of the
specific program models, through access to our tools, resources, training, and technical assistance. Stop by and learn about AGS CoCare: Ortho® and AGS CoCare:HELP®.

- AGS CoCare®: HELP, formerly known as the Hospital Elder Life Program, is a well-studied, effective, and innovative model of hospital care designed to prevent both delirium and functional decline.
- AGS CoCare®: Ortho is a Geriatrics-Orthopedics Co-Management model in which geriatrics professionals, or specially trained geriatrics co-managers (e.g., hospitalists) work with orthopedic surgeons to coordinate and improve the perioperative care of older adults with hip fractures.

AGS Membership
AGS membership staff welcomes the opportunity to help you with your member needs and answer any questions you may have regarding membership and benefits, as well as provide you with up-to-date news on AGS initiatives. Get the information you need or just stop by and print your AGS Annual Meeting Certificate of Attendance.

AGS/ADGAP Geriatrics Compensation, Productivity Benchmarking Survey
Come preview and learn more about the AGS/ADGAP Geriatrics Compensation and Productivity Benchmarking Survey.

The American Geriatrics Society (AGS) has partnered with Phairify to deliver new tools for AGS members to comprehensively define geriatrician compensation, productivity, and benefits. Phairify’s specialty-specific professional practice information and career management platform provides members who participate in AGS/Phairify designed-studies with insight into their value and worth backed by geriatrics-specific compensation and productivity data. Once members complete the survey, they will have immediate and unlimited access to aggregated market intelligence (i.e., benchmarking data), and anonymously be able to compare with their peers and have access to specialty-specific data that will help them to define their own career paths.

Alzheimer’s and Dementia Care Program™
Come learn about the Alzheimer’s and Dementia Care (ADC) Program™. AGS has partnered with UCLA to promote dissemination of this award-winning model of comprehensive, coordinated, patient-centered care dementia care that is based in healthcare systems and partners with community-based organizations (CBOs). With support of the John A. Harford Foundation, AGS and UCLA can help your health system implement the program.

HealthinAging.org
Created by the AGS Health in Aging Foundation, HealthinAging.org provides consumers and caregivers with up-to-date information on health and aging. Come see the newly redesigned HealthinAging.org website and what makes it a great resource for older adults and their caregivers.

State Affiliates
The AGS has a network of over two dozen state affiliates across the country working to improve the quality of geriatrics education. Stop by and learn more about the affiliate in your state, or learn how you can help get one started.

Aquifer Geriatrics
Aquifer Geriatrics — the AGS national online curriculum for medical and health professions students - is the ideal course for use within a geriatrics, internal medicine, or family medicine clerkship. Come by to learn more about our course offerings.

Health Resources and Services Administration: Bureau of Health Professions
Representatives from Title VII and Title VIII Geriatrics Programs at HRSA, Bureau of Health Professions will be available to answer any questions you may have throughout the conference.

**EXHIBITORS**

**Aaushi**
645 Front Street, Unit 1512
San Diego, CA 92101
Sheldon.ball@gmail.com
https://aaushi.info
Aaushi is a free point-of-contact reference for internal medicine and geriatrics. Aaushi is structured and concise allowing use during patient encounters and in ABIM's Longitudinal Knowledge Assessment (LKA). This is further facilitated by mapping of synonyms and optimizing navigational tools. Aaushi is extensively referenced.

**ACEP Geriatric Emergency Department Accreditation Program**
American College of Emergency Physicians
4950 W. Royal Lane
Irving, TX 75063
ntidwell@acep.org
https://www.acep.org/geda
Improve the care provided to older adults by becoming an accredited Geriatric Emergency Department. Visit booth 201 to learn how to become accredited and show the public that your institution is focused on the highest standards of geriatric care.

**AFAR/Clin-STAR Coordinating Center**
55 W. 39th Street, 16th floor
New York, NY, 10018
andrea@afar.org
https://clin-star.org/
Activities and initiatives for transdisciplinary clinician-scientists in aging research, including pilot grants, database of researchers, outreach funds, webinars, interest groups, mentoring, annual meeting, publications, mini-sabbaticals, early career lecture travel funds, and visiting professor programs.

**AltaMed**
2040 Camfield Ave
Los Angeles, CA 90040
arlenechavez@altamed.com
www.altamed.com

**Alzheimer's Association**
225 N Michigan Ave
Chicago, IL 60601
hingram@alz.org
www.alz.org
The Alzheimer’s Association is the leading voluntary health organization in Alzheimer’s care, support, and research. Visit our booth to learn about the International Society to Advance Alzheimer’s Research and Treatment (ISTAART), AAIC, the International Research Grant Program, TrialMatch®, and resources for individuals living with Alzheimer's and caregivers.

American Heart Association
202
7272 Greenville Ave
Dallas, TX 75231
courtney.hickey@heart.org
https://www.heart.org/certifiedcare
The American Heart Association (AHA) offers certifications validating heart failure programs for post-acute care organizations including Skilled Nursing Facilities, Home Health Agencies, and Palliative-Hospice Agencies. The certifications are focused on standardized, evidence-based care. The goal is to improve patient outcomes through an optimal heart failure system of care that includes acute-care hospitals, post-acute organizations, and clinicians.

American Speech-Language-Hearing Association (ASHA)
308
2200 Research Boulevard
Rockville, MD 20850
https://www.asha.org/
ASHA is the national professional, scientific, and credentialing association for 228,000 members and affiliates who are audiologists; speech-language pathologists; speech, language, and hearing scientists; audiology and speech-language pathology support personnel; and students. Audiologists specialize in preventing and assessing hearing and balance disorders as well as providing audiologic treatment, including hearing aids. Speech-language pathologists (SLPs) identify, assess, and treat speech, language, and swallowing disorders. Learn about the differences between professional associations and unions.

Amgen
300
One Amgen Center Drive
Thousand Oaks, CA 91320
papark@amgen.com
www.amgen.com
Amgen is committed to unlocking the potential of biology for patients suffering from serious illnesses by discovering, developing, manufacturing and delivering innovative human therapeutics. A biotechnology pioneer since 1980, Amgen has reached millions of patients around the world and is developing a pipeline of medicines with breakaway potential.

Avologi
208
7800 Desert Candle Way
Las Vegas, NV 89128
01Avologi@gmail.com
https://avologi.com/
Medical devices for doctors that help with red laser therapy for pain relief and anti-aging.
Boom Home Medical
14320 Ventura Blvd, #102
Sherman Oaks, CA 91423
support@boomhomemedical.com
www.boomhomemedical.com
Loona is a bedside urinal designed specifically for female anatomy. Loona was created for people who have difficulty getting in and out of bed or who are at high risk of falling when walking to the bathroom. It’s also great for people post-operatively or following an injury.

CALTMC: California Association of Long Term Care Medicine
info@caltcm.org
www.caltcm.org
The California Association of Long Term Care Medicine (CALTMC) promotes quality patient care across the long-term care continuum through medical leadership and education. We are positioned at the forefront of statewide efforts to advocate quality patient healthcare, provide long-term care education, and influence policy. (CME, CMD, & ABIM MOC provider.)

CenterWell & Conviva Senior Primary Care Centers
PCOCareers@centerwellprimarycare.com
CenterWellCareers.com
We’re changing the way physicians practice medicine while improving the health and quality of life of seniors nationwide. With two robust networks of value-based primary care centers — CenterWell Senior Primary Care™ and Conviva Care Center® — we provide patients 65 and older with personalized medicine focused on prevention from a complete Care Team in one convenient location.

ChenMed
1395 NW 167th Street
Miami, FL 33169
melinda.mcdonald@chenmed.com
www.Chenmed.com/physicians
We’re transforming healthcare for the most vulnerable population: seniors. We are mission-driven and physician-led, our unique model of preventative, value-based primary care delivers better health outcomes for our patients and better careers for our physicians and clinical leaders. Our high-touch, high-tech approach improves quality of care, quality of life and reduces healthcare costs.

CND Life Sciences
9165 E Del Camino Dr., Suite 101
Scottsdale, AZ 85258-4381
mrath@cnldlifesciences.com
https://cnldlifesciences.com/syn-one-test/
CND Life Sciences is dedicated to supporting patients facing a potential diagnosis of a neurodegenerative disease. In 2019, CND launched the Syn-One Test® to detect, visualize, and quantify misfolded alpha-synuclein in cutaneous nerve fibers and aid in the diagnosis of a synucleinopathy including Parkinson’s disease and dementia with Lewy bodies.
COGNISTAT
2537 Guenette
Saint-Laurent, Quebec H4R 2E9
tim.mataja@ntint.com
www.cognistat.com
Cognistat – a global leader in cognitive health, is a rapid, non-invasive cognitive assessment/screening test used by healthcare professionals to identify cognitive impairments associated with various neurological or psychological conditions such as (but not limited to) depression, anxiety, dementia, stroke, and TBI. It quickly assesses cognitive functioning in the five major ability areas: language, spatial skills, memory, calculations, and reasoning.
