Notes:

1. Correct fonts won't load until you open the template in PowerPoint (e.g., if you're previewing this in your browser it'll look uglier than it actually is).
2. This PPT is 56 inches wide and 33.6 inches tall. You will need to scale up your poster for printing to be 60 inches wide and 36 inches tall. Each poster board is 96 inches wide by 48 inches high (landscape orientation). Your poster can be of any size as long as it fits on the poster board.
3. We modified the original template slightly and do not include the QR Code or the color coding. You can modify the color, add your institutional logo, a QR code, or make other edits as you see fit.
4. Be sure to include the meeting hashtag (#AGS25) so that attendees can highlight your work in their social media posts.
